Direct Temporary Housing

- On Dec. 30, Construction began on a site for temporary housing units for eligible Linn and Marion survivors.
- Once completed, the new site in Mill City is expected to hold up to 16 temporary housing units.

- Temporary housing is provided one of two ways: recreational vehicles (RVs) and Manufactured Housing Units (mobile homes).
- Survivor housing units are chosen by FEMA based on the survivor family composition and needs, as well as to ensure that requirements for access or functional needs are met.
- Ongoing participation in the program, which can last until March 2022, depends on each survivor's efforts to find permanent housing and following the rules established by the park and FEMA.
