

# Disaster Recovery Progress in Jefferson and Shelby Counties

---

Release Date: Février 18, 2022

CLANTON, Ala. – It's been nearly two months since President Biden issued a federal disaster declaration for Jefferson and Shelby Counties following the severe storms and flooding that occurred Oct. 6-7, 2021. In that time, local, state, and federal partners have been working to ensure disaster survivors receive the assistance they need. So far, more than **\$14.1M** in federal funds have been approved for disaster survivors in Jefferson and Shelby Counties. Residents in these counties can still apply for assistance with FEMA through **Monday, Feb. 21** by calling 800-621-3362 or going online at [DisasterAssistance.gov](https://DisasterAssistance.gov).

## Individual Assistance in Jefferson and Shelby Counties:

**349** homeowners and renters have been approved for **\$1,721,554** in federal grants through FEMA's Individual and Households Program. This includes:

- **\$1,596,677** in Housing Assistance grants for home repair, home replacement, and/or rental assistance.
- **\$124,877** in Other Needs Assistance grants to replace essential household items and for other critical disaster-related costs.
- **118** homeowners and renters have been approved for rental assistance.
- **750** home inspections issued; **727** completed.

## National Flood Insurance Program:

- NFIP has paid **\$9,256,275** to policyholders who filed claims in Jefferson and Shelby Counties.

## U.S. Small Business Administration:

- **61** applicants have been approved for **\$3,195,300** in low-interest loans through the SBA disaster loan program. Homeowners, renters, businesses, and private non-profits should apply for physical property and personal property loans at:

FEMA

<https://disasterloanassistance.sba.gov/ela/s/> through **Feb. 21**.
