

How to Document Ownership and Occupancy for FEMA

Release Date: October 12, 2022

Owners and renters in Breathitt, Clay, Floyd, Knott, Leslie, Letcher, Magoffin, Martin, Owsley, Perry, Pike and Whitley counties who experienced loss from the Eastern Kentucky flooding must be able to prove they occupied the disaster-damaged primary residence before receiving Housing Assistance and some types of Other Needs Assistance. FEMA now accepts a broader range of documentation:

Ownership:

- Homeowners may provide official documentation such as:
 - The original deed or deed of trust to the property
 - A mortgage statement or escrow analysis
 - Real property insurance; homeowners or flood insurance
 - Receipts for major repairs within the last five years
 - Property tax receipt or property tax bill
 - Manufactured home certificate or title
- In addition, FEMA will accept a public official's letter or receipts for major repairs or improvement. The public official's statement (e.g., police chief, mayor, postmaster) must include the name of the applicant, the address of the disaster-damaged residence, the period of occupation and the name and telephone number of the official providing the verification.
- Survivors with inherited properties, mobile homes or travel trailers who do not have the traditional documentation of ownership may self-certify ownership as a last resort.
- Homeowners with the same address from a previous disaster only need to verify ownership one time. FEMA has also expanded the date of eligible documents from three months to one year before the disaster.
