

Damaged Vehicle Assistance Available for Kentuckians Impacted by May 21-27 Storms

Release Date: août 16, 2024

FRANKFORT, Ky. – FEMA may be able to provide financial assistance to help those whose vehicles were damaged due to the severe storms, straight-line winds, tornadoes, landslides and mudslides that occurred May 21-27.

The first step is for survivors to file a claim with their insurance company if they have a comprehensive policy. This type of policy usually covers storm-related damage to a vehicle. Federal disaster assistance may help fill the gaps for those whose coverage does not pay for any or all storm-related damage costs. Apply with FEMA even if you have insurance. FEMA cannot duplicate insurance payments, but underinsured applicants may receive help after their claims have been settled.

To be eligible for FEMA assistance, applicants must meet the following conditions:

- The vehicle was damaged during the May 21-27 storms within the disaster-designated area.
- The applicant can provide proof of ownership of the vehicle with valid registration and title.
- The vehicle was in compliance with the Commonwealth of Kentucky's registration and insurance at the time of the disaster.
- The applicant has no other usable vehicle.

Applicants with more than one storm-damaged vehicle, must write a statement explaining why the household needs more than one working vehicle. The statement should include the number of vehicles and an insurance settlement or statement for each vehicle.
