If you choose to apply by phone, please be aware that FEMA is increasing staff at call centers but wait times may be longer because of increased volume for multiple recent disasters. Lines are open every day and help is available in most languages. If you use a relay service, captioned telephone or other service, give FEMA your number for that service. For an accessible video on how to apply for assistance go to [FEMA Accessible: Applying for Individual Assistance - YouTube](#).

If you applied to FEMA after Hurricanes Helene or Debby and have additional damage from Hurricane Milton, you will need to apply separately for Milton and provide the dates of your most recent damage.
