

Media Advisory - Those Eligible for Hurricane Laura Assistance May Be Eligible after Hurricane Delta

Release Date: Nov 5, 2020

On Oct. 16, the president declared Hurricane Delta a major disaster in five parishes previously impacted by Hurricane Laura: Acadia, Calcasieu, Cameron, Jefferson Davis, and Vermilion.

Please note the difference in registration deadlines:

For Hurricane Laura: Nov. 27

For Hurricane Delta: Dec. 16.

Damage caused by multiple disasters is treated separately based on which event caused the damage, even to the same property. Owners and renters whose homes were damaged by Laura and applied to FEMA should apply again if their primary residence sustained additional damage from Delta.

Homeowners who relocated due to damage from Laura and are renting may apply as renters if their personal property at their temporary residence was damaged by Delta.

Applicants who are eligible for Rental Assistance from Laura may continue to receive up to 18 months under that disaster declaration. Applicants cannot simultaneously receive Rental Assistance for additional disasters. Renters who have additional personal property damage due to Delta should apply at the address where they were residing at the time of Delta, not Laura.
