

May 11 is Final Day for First Dose of the Pfizer vaccine at the Greenbelt Community Vaccination Center in Maryland

Release Date: Me 7, 2021

GREENBELT, Md. – Maryland residents have until **May 11** to get their first dose of the two-dose Pfizer vaccine at the Greenbelt Community Vaccination Center. Second doses are also currently offered at the center. Staff will assist individuals to register for both first and second vaccinations.

Beginning May 12, Greenbelt CVC will provide Johnson & Johnson single-dose vaccinations and continue to provide Pfizer second doses for the remaining weeks the center is open.

“The Greenbelt CVC has been an extremely successful vaccination operation, and we continue to encourage the residents of Maryland to come down and get vaccinated,” said Craig Levy, Deputy Federal Coordinating Officer for FEMA.

Reasonable accommodation for people with access and functional needs is available as well as onsite interpretation in eight spoken languages, and American Sign Language, Certified Deaf Interpretation and Sensory Interpretation.

The Community Vaccination Center opened in parking lot 1A of the Greenbelt Metro station on April 7. This facility has the capacity to administer 3,000 doses of COVID vaccine every day. In the time since the center opened medical staff have provided more than 75,000 vaccinations to residents.

The Greenbelt, Maryland Community Vaccination Center is open seven days a week and walk-ins are welcome. The hours of operation are Monday-Tuesday 7 a.m. - 3 p.m.; Wednesday-Thursday from noon – 8 p.m.; and Friday- Sunday 9 a.m. - 5 p.m.

Register for an appointment by visiting covidvax.maryland.gov or calling: 1-855-MD-GOVAX (1-855-634-6829). Anyone younger than 18 must be accompanied by a parent or guardian to receive a vaccination.
