

West Virginians: You Have Less Than Two Weeks Left to Register With FEMA

Release Date: July 8, 2021

CHARLESTON, W.Va. – If you suffered damage or losses from the Feb. 27-March 4 severe storms and flooding, you have less than two weeks left to register with the Federal Emergency Management Agency (FEMA) for federal disaster assistance. The deadline to register is **Monday, July 19**.

Individual disaster assistance grants for homeowners and renters are available to eligible residents of **Cabell, Kanawha, Mingo and Wayne** counties.

Here is how to register:

- Call **800-621-FEMA** (3362) or TTY 800-462-7585
- Online at DisasterAssistance.gov
- By downloading the FEMA app

FEMA grants do not have to be repaid. FEMA assistance is nontaxable and will not affect eligibility for Social Security, Medicaid or other federal benefits.

You should register even if you have insurance. FEMA cannot duplicate insurance payments, but if you have losses insurance doesn't cover, you may receive help from FEMA after your insurance claims are settled.

To fully cover your losses, you may also need a low interest disaster loan. The U.S. Small Business Administration (SBA) provides these loans, not just for small businesses, but also for renters, homeowners, businesses of any size and private nonprofits to cover uncompensated real or personal property losses. The deadline to apply for an SBA physical damage loan is the same as for FEMA assistance, **Monday, July 19**. There is no fee to apply for a loan and you do not have to accept one even if it is offered.

For more information about SBA loans, call SBA's Disaster Assistance Customer Service Center at 800-659-2955, email FOCE-Help@sba.gov or visit
