

Fiscal Year 2023 Emergency Management Performance Grant Program - FAQs

Release Date: Feb 27, 2023

[Download a PDF copy of this webpage.](#)

The FY 2023 EMPG Program is one of the grant programs that constitute the U.S. Department of Homeland Security (DHS)/Federal Emergency Management Agency's (FEMA) focus on all-hazards emergency preparedness. These grant programs are part of a comprehensive set of measures authorized by Congress and implemented by DHS/FEMA to assist state, local, tribal, and territorial emergency management agencies to implement the National Preparedness System and the National Preparedness Goal of a secure and resilient nation.

About the Program

1. **What is the purpose of the Fiscal Year (FY) 2023 Emergency Management Performance Grant (EMPG) Program?**

The FY 2023 EMPG Program is one of the grant programs that constitute the U.S. Department of Homeland Security (DHS)/Federal Emergency Management Agency's (FEMA) focus on all-hazards emergency preparedness. These grant programs are part of a comprehensive set of measures authorized by Congress and implemented by DHS/FEMA to assist state, local, tribal, and territorial emergency management agencies to implement the National Preparedness System and the National Preparedness Goal of a secure and resilient nation.

2. **What are the national priorities associated with the FY 2023 EMPG Program?**

The national priorities are:

- Equity;
- Climate Resilience; and
- Readiness.

These priorities correspond directly to goals outlined in the [2022-2026 FEMA Strategic Plan](#). All EMPG Program recipients are encouraged to review the Strategic Plan and consider how FY 2023 EMPG Program funding can be used to support the Plan's goals and objectives as they apply to the state/territory's specific needs and the needs of the whole community. The national priorities are explained in further detail in the FY 2023 EMPG Program Notice of Funding Opportunity (NOFO).

3. What legislation authorizes funding for the FY 2023 EMPG Program?

- Section 662 of the *Post-Katrina Emergency Management Reform Act of 2006* (PKEMRA), as amended, (Pub. L. No 109-295) (6 U.S.C. § 762);
- *Robert T. Stafford Disaster Relief and Emergency Assistance Act*, as amended (Pub. L. No. 93-288) (42 U.S.C. §§ 5121 *et seq.*);
- *Earthquake Hazards Reduction Act of 1977*, as amended (Pub. L. No. 95-124) (42 U.S.C. §§ 7701 *et seq.*); and
- *National Flood Insurance Act of 1968*, as amended (Pub. L. No. 90-448) (42 U.S.C. §§ 4001 *et seq.*).

4. How much funding is available under the FY 2023 EMPG Program?

In FY 2023, the EMPG Program will provide \$355.1 million in funding to assist state, local, tribal, and territorial governments in preparing for all hazards. This funding amount includes \$355 million from the *Consolidated Appropriations Act, 2023* (Pub. L. No. 117-328) and \$100,000 from the Disaster Relief Fund, which FEMA must make available to the Federated States of Micronesia and the Republic of the Marshall Islands pursuant to Article X of the Federal Programs and Services Agreement of the *Compact of Free Association Act* (Pub. L. No. 108-188).

5. Where is the FY 2023 EMPG Program NOFO located?

The FY 2023 EMPG Program NOFO is located online at www.fema.gov/grants, as well as on www.grants.gov.

6. Who is eligible to apply for FY 2023 EMPG Program funds?

All 56 states and territories are eligible to apply for the FY 2023 EMPG Program funding. This includes all 50 states, the District of Columbia, the Commonwealth of Puerto Rico, and the territories of American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands. Either the State Administrative Agency (SAA) or the state's Emergency Management Agency is eligible to apply directly to FEMA for EMPG Program funds on behalf of each state or territory. However, only one application is accepted from each state or territory. Please refer to Section C of the FY 2023 EMPG Program NOFO for more information on eligibility.

7. How will the FY 2023 EMPG Program applications be submitted?

Applying for an award under the EMPG is a multi-step process; the registration process can take four weeks or more to complete. Therefore, applicants are encouraged to register early to ensure it does not impact the applicant's ability to meet required submission deadlines. Please refer to Section D in the FY 2023 EMPG Program NOFO for detailed information and instructions.

Eligible applicants should submit their initial application at least three days prior to the final application submission through the Grants.gov portal at www.grants.gov. Applicants needing Grants.gov support may contact the Grants.gov customer support hotline at (800) 518-4726, which is available 24 hours per day, seven days per week except federal holidays.

After the initial applications are submitted in Grants.gov, eligible applicants will be notified by FEMA within one to two business days and asked to proceed with submitting their complete application package in the [Non-Disaster \(ND\) Grants System](#). Applicants needing technical support with the ND Grants System should contact ndgrants@fema.dhs.gov or (800) 865-4076, Monday through Friday from 9 a.m. – 6 p.m. Eastern Time (ET).

Completed applications must be submitted in the ND Grants system no later than 5 p.m. ET on Monday, May 18, 2023.

8. What are the key dates associated with the FY 2023 EMPG Program?

- February 27, 2023: NOFO released.
- May 18, 2023, 5 p.m. ET: Applications due to FEMA.

9. How will FY 2023 EMPG Program funds be allocated?

EMPG Program awards are based on Section 662 of the *Post-Katrina Emergency Management Reform Act of 2006*, as amended (6 U.S.C. § 762). All 50 states, the District of Columbia, and the Commonwealth of Puerto Rico receive a base amount of 0.75% of the total available funding appropriated for the EMPG Program. Four territories (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands) receive a base amount of 0.25% of the total available funding appropriated for the EMPG Program. The remaining balance of funds appropriated for the EMPG Program are distributed on a population-share basis.

10. How should I identify priorities for the investment of EMPG Program funding?

Priorities, and associated EMPG Program-funded projects, must be mutually agreed to by the recipient and the applicable FEMA Regional Administrator (RA). Identification of priorities and development of the EMPG Program Work Plan should involve a collaborative negotiation process through which a common set of priorities will emerge based on a combination of state/territory priorities, regional priorities, and national priorities.

States/territories are required to prioritize grant funding to demonstrate how FY 2023 EMPG Program-funded investments support closing capability gaps or sustaining capabilities identified in the Threat and Hazard Identification and Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR) process and other relevant information sources, such as:

- 1) after-action reports following exercises or real-world events;

FEMA

- 2) audit and monitoring findings;
- 3) Hazard Mitigation Plans; and/or
- 4) other deliberate planning products.

Regional priorities will be determined by the Regional Administrator based on their unique knowledge of the region's preparedness and emergency management needs, including broader insight into common capability gaps across the region and potential opportunities for economies of scale to capitalize on those commonalities. Regional priorities should also be based on an analysis of THIRA/SPR data and other information sources provided by the states/territories in their area(s) of responsibility. As a result of these negotiations, the region and state/territory should reach a consensus on three to five priorities each recipient will focus on addressing and improving in its EMPG Program Work Plan.

When developing state/territory priorities, applicants should consider the national priorities: equity, climate resilience, and readiness. Recognizing that every state and territory has its own unique preparedness and emergency management needs, the national priorities should inform the identification of state/territory priorities and regional priorities when developing the common set of mutual priorities as agreed upon by the Regional Administrator and each state/territory. Ideally, the regional and state/territory priorities will complement and support the national priorities.

11. Are there any spending requirements associated with the national priorities?

There are no specific spending requirements associated with the national priorities. To the extent possible, equity considerations must be factored into all FY 2023 EMPG Program-funded investments across all national priority areas. Additionally, applicants are required to designate at least one project in their FY 2023 EMPG Program Work Plan and budget narrative that specifically addresses equity considerations. Additionally, climate resilience considerations are a continued area of focus for FY 2023.

FEMA

12. How should I link EMPG Program-funded projects to the identified priorities?

The EMPG Program Work Plan requirements, and the optional Work Plan Template, support the collection of objective information and quantitative data that will allow FEMA to measure program effectiveness and investment impacts. This also enables compliance with [2 C.F.R. § 200.301](#), which requires federal awarding agencies to measure recipient performance to show achievement of program goals and objectives, share lessons learned, improve program outcomes, and foster adoption of promising practices. Recipients are required to link EMPG Program-funded investments to THIRA/SPR results and other relevant materials that inform capability priorities and needs, and to include specific performance measures that will allow FEMA to measure the impact of those investments based on the core capabilities that are being addressed.

13. Is submission of a Work Plan required, and is there a Work Plan Template I can use?

Consistent with previous years, submission of an EMPG Program Work Plan is a mandatory component of the EMPG Program application. The Work Plan outlines the state/territory's emergency management sustainment and enhancement efforts, including new and ongoing activities and projects, that are driven by identified preparedness priorities and proposed for the EMPG Program period of performance. The updated FY 2023 EMPG Program Work Plan Template (available on the [Grants.gov](#) EMPG Program application page) is provided to facilitate the work plan development process. The submitted EMPG Program Work Plan must address all the information/data requirements included in the FY 2023 EMPG Program Work Plan Template, supplemental guidance included in FY 2023 EMPG Program NOFO, and FY 2023 [Preparedness Grants Manual](#). Therefore, although not required, EMPG Program applicants are strongly encouraged to use the available FY 2023 EMPG Program Work Plan Template. States and territories are required to identify whether and how each project included in their EMPG Program Work Plan addresses equity-related considerations or the impacts associated with climate change (as applicable). See the FY 2023 [Preparedness Grants](#)

FEMA

[Manual](#) for more information about the requirements for addressing these priorities in the EMPG Program Work Plan submission.

14. Are there any specific funding requirements associated with the FY 2023 EMPG Program?

There is a continuing requirement that at least **87.5 percent** of all projects that include Planning, Training, and/or Exercise deliverables align with closing capability gaps identified and documented in the state/territory's most recent THIRA/SPR submission and other relevant information sources, as explained above.

15. What is the FY 2023 EMPG Program period of performance?

The period of performance is 36 months.

16. What other resources are available to address programmatic, technical, and financial questions?

- The FY 2023 EMPG Program NOFO is located online at www.fema.gov/grants as well as on www.grants.gov.
- The FY 2023 EMPG Program Work Plan Template User Guide and Webinar Materials are located online at www.fema.gov/grants to assist applicants in navigating the Template.
- For additional program-specific information, please contact the FEMA Grants Information Desk at fema-grants-news@fema.dhs.gov OR at (800) 368-6498. Hours of operation are from 9 a.m. – 5 p.m. ET, Monday through Friday.
- For support regarding financial grants management and budgetary technical assistance, applicants may contact the DHS/FEMA Award Administration Help Desk via e-mail at [ASK- GMD@fema.dhs.gov](mailto:ASK-GMD@fema.dhs.gov).
- The FEMA Regions also provide technical assistance to EMPG Program primary recipients. A list of contacts in the FEMA Regions is available at www.fema.gov/fema-regional-contacts.
