The eligible counties are Butte, Kern, Madera, Mariposa, Mendocino, Mono, Monterey, Nevada, San Benito, San Bernardino, San Luis Obispo, Santa Cruz, Tulare and Tuolumne.

The extended registration deadline will provide more time for survivors living in remote areas as well as for residents in counties recently designated for federal disaster assistance. It covers damage caused by severe winter storms, straight-line winds, flooding, landslides and mudslides between Feb. 21 and July 10, 2023.

If FEMA refers you to SBA, you must apply with SBA before you can be considered for certain FEMA grant money, such as reimbursement for damaged personal property, transportation assistance and Group Flood Insurance Policy (GFIP). Residents are not obligated to take out a loan if they are approved, but a failure to return the application may disqualify them from possible FEMA assistance. Long-term, low-interest disaster loans for businesses, nonprofits, homeowners and renters may be available to cover losses not fully compensated
