DRCs are accessible to people with disabilities. They have assistive technology equipment that allows disaster survivors to interact with staff. Video Remote Interpreting is available. The centers also have accessible parking, ramps and restrooms.

It is not necessary to visit a Disaster Recovery Center to apply. Survivors can go online to DisasterAssistance.gov, use the [FEMA mobile app](#) or call 800-621-3362. The line is open every day from 7 a.m. to 11 p.m. ET. Help is available in most languages. If you use a relay service, such as video relay (VRS), captioned telephone or other service, give FEMA the number for that service.
