

Deadline Extended for FEMA Public Assistance Requests

Release Date: May 15, 2024

Salem, Ore. – Local governments, houses of worship and other nonprofit organizations in the counties of Benton, Clackamas, Coos, Hood River, Lane, Lincoln, Linn, Multnomah, Sherman, Tillamook, Wasco and the Confederated Tribes of Siletz Indians have until May 27, 2024 to submit requests for FEMA Public Assistance.

FEMA extended the deadline from May 13 at the request of the state of Oregon.

The Public Assistance (PA) Program delivers FEMA grant assistance to local, tribal and state government agencies; houses of worship, and certain private nonprofit applicants following a disaster declaration.

The designated counties and tribes were a part of the April 13 Major Disaster Declaration which provides FEMA Public Assistance, a reimbursement program for public infrastructure damage and response costs in the designated counties and tribes. This declaration does not provide FEMA Individual Assistance for individuals, homes and businesses impacted by the disaster.

Communities, nonprofits and houses of worship interested in applying for a PA grant should contact their local emergency manager or the Oregon Department of Emergency Management for information and to submit a Request for Public Assistance application. Applicants may also submit their forms directly online at the FEMA Grants Portal, an online database accessible to each applicant throughout the PA grant process. The Oregon Department of Emergency Management, the RPA starts the grant process for eligible FEMA Public Assistance applicants.

More information on the PA process may also be found at [Oregon Department of Emergency Management : 2024 Oregon Severe Winter Storms Public Assistance : Disaster Assistance : State of Oregon.](#)
