FEMA's mission: Helping people before, during, and after disasters.

The SBA is the federal government's primary source of money for the long-term rebuilding of disaster-damaged private property. SBA helps businesses of all sizes, private nonprofit organizations, homeowners and renters fund repairs or rebuilding efforts and cover the cost of replacing lost or disaster-damaged personal property. These disaster loans cover losses not fully compensated by insurance or other recoveries and do not duplicate benefits of other agencies or organizations. For more information, applicants may contact SBA's Disaster Assistance Customer Service Center by calling 800-659-2955, emailing [disastercustomerservice@sba.gov](mailto:disastercustomerservice@sba.gov), or visiting SBA's website at [www.sba.gov/disaster](https://www.sba.gov/disaster).
