

Submit Flood Insurance Proof of Loss Form Within 60 Days of Loss

Release Date: 7? 12, 2021

BATON ROUGE, La. – If you have purchased flood insurance through the National Flood Insurance Program (NFIP) and filed a claim for flood damages, be sure to submit your Proof of Loss form within 60 days after the date of loss.

Take the time to fill out the form and collect supporting documents:

- You will need to provide supporting documents with the form, like your building damage estimate and a personal-property loss inventory list...and don't forget to sign it.
- Your adjuster will give you a detailed loss estimate. Please review to see if they forgot something or perhaps got something wrong.
- Your adjuster may provide you with a Proof of Loss form and help you fill it out. You can submit this form, or you can fill out a Proof of Loss form on your own. If you find some items were missed on the form afterward, you can submit a supplemental claim later.

Remember, even if you do not agree with the adjuster's loss estimate, it's important that you submit the Proof of Loss form within 60 days.
