

What to Expect When Applying with FEMA

Release Date: 9? 15, 2021

Trenton, NJ – FEMA assistance is not a replacement for insurance but can assist with basic needs to help start your recovery. This includes assistance to make essential home repairs, find a temporary place to stay and repair or replace certain household items.

Home Repairs

- Survivors whose homes suffered Hurricane Ida-related damage and are uninsured or underinsured may be eligible for help from FEMA to restore their homes to a livable condition.
- Federal assistance from FEMA provides only the basic needs for a home – including toilets, a roof, critical utilities, windows and doors. Examples of ineligible items may include non-essential cabinets and garage doors.
- A home inspection is required to calculate and verify the loss.
- Livable homes meet the following conditions:
 - The exterior is structurally sound, including the doors, roof and windows.
 - The electricity, gas, heat, plumbing, and sewer and septic systems work properly.
 - The interior areas are structurally sound, including ceiling and floors.
 - The home is capable of being used for its intended purpose.

Examples

- Appliances: FEMA may assist in the replacement or repair of disaster-damaged hot-water heaters and furnaces. Non-essential items like dishwashers and home entertainment equipment will not be considered.
- Ceiling and Roof Damage: FEMA may assist to repair disaster-caused leaks in a roof that damaged ceilings and electrical components like overhead lights. The cost to fix minor stains from roof leaks is not reimbursable.

- FEMA calculations to verify loss vary because every applicant's situation is different, so awards vary among survivors.
