

FEMA Assistance Available to More Texas Survivors

Release Date: 5? 22, 2024

AUSTIN – Eastland, Hardin, Jasper, Jones, Lamar and Waller counties have been added to the major disaster declaration for Texans who sustained damage from severe storms, straight-line winds, tornadoes and flooding that began April 26.

Residents of these counties may be eligible for disaster assistance under FEMA's Individuals and Households Program. Eligible applicants may qualify for serious needs assistance, basic home repairs, personal property losses and other eligible expenses related to storm damage. Previously survivors in **Harris, Liberty, Montgomery, Polk, San Jacinto, Trinity and Walker** counties were approved for assistance to individuals and households. Additional counties may be added later.

FEMA's disaster assistance offers benefits that provide flexible funding directly to survivors when needed the most. In addition, a simplified process and expanded eligibility allows Texans access to a wider range of assistance and funds for serious needs.

Serious Needs and Displacement Assistance

- **Serious Needs Assistance**, funds for essential items will now be provided in all disasters receiving Individual Assistance to help people make ends meet.
- **Displacement Assistance**, a new benefit that will provide people with up-front funds to assist with immediate housing options of their choice, to keep people housed.

Serious Needs Assistance and Displacement Assistance are both funded after a completed inspection confirms eligibility.
