

Twelve Additional Florida Counties Eligible for Operation Blue Roof

Release Date: September 23, 2017

Orlando, Fla. – Eligible homeowners in **Brevard, Citrus, Indian River, Lake, Martin, Okeechobee, Orange, Osceola, Seminole, Sumter, St. Lucie, and Volusia** counties are now eligible for no cost assistance with temporary roof repairs. The newly added counties are in addition to **Broward, Charlotte, Collier, DeSoto, Glades, Hardee, Hendry, Highlands, Hillsborough, Lee, Manatee, Miami-Dade, Monroe, Palm Beach, Pinellas, Polk, and Sarasota** counties that were previously approved.

Operation Blue Roof provides a temporary covering of blue plastic sheeting to help reduce further damage to property until permanent repairs can be made. The blue plastic sheeting is installed using strips of wood that are secured to the roof with nails or screws.

Only primary residences with standard shingled roofs are eligible to receive a temporary blue roof. Metal roofs and mobile homes may be repaired as practical on a case by case basis. Roofs with greater than 50 percent structural damage are not eligible for this program.

For rental property, legal permission for a blue roof to be installed must be obtained from the property owner. Renters must also obtain legal permission from their landlord to continue occupying the residence until more permanent repairs are made.

Homeowners must sign a Right of Entry (ROE) form to allow government employees and contractors onto their property to assess damage and install the temporary covering. ROE collection centers are open from **8 a.m. to 6 p.m., seven days a week** unless otherwise noted.

Three new Right of Entry collection centers have opened:
