Even though the deadline to apply for an SBA disaster loan for property damage has passed, small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations of any size, still have until May 25, 2018 to apply for an economic injury disaster loan to help meet working capital needs caused by the disaster. Economic injury assistance is available regardless of whether the business suffered any property damage. Interest rates for economic injury disaster loans are 3.305 percent for businesses, and 2.5 percent for private nonprofit organizations with terms up to 30 years.
