U.S. Small Business Administration (SBA) representatives are still available at all DRC's throughout the affected areas to explain SBA's disaster loan program and help business owners and residents close their approved disaster loans. Even though the deadline to apply for a SBA loan for property damage has passed, small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations of any size still have until May 25 to apply for an economic injury disaster loan to help meet working capital needs caused by the disaster. Economic injury assistance is available regardless of whether the business suffered any property damage. Business owners may apply online using SBA's secure website at <https://disasterloan.sba.gov/ela>.
