

FEMA Approves \$1,434,758 to the Town of Norwich for Roadway Repairs

Release Date: July 2, 2019

REGION 1 – The Town of Norwich will receive \$1,434,758 from the Federal Emergency Management Agency (FEMA) for the costs incurred due to damage to the Town's roadways as a result of a June 29-July 1, 2017, severe storm and flooding event. This funding was brought to fruition by a partnership between FEMA and Vermont Emergency Management.

The \$1,434,758 grant represents the federal share of the total project cost of \$1.9 million. The remainder will come from non-federal sources.

This grant is funded through FEMA's Public Assistance Grant program which reimburses communities for actions taken in the immediate response and during recovery from a disaster. Eligible applicants include states, federally recognized tribal governments, U.S. territories, local governments, and certain private non-profit organizations. The grant applications are submitted from the state, which coordinates the process with local governments.

FEMA obligates funding for this project directly to the State. It is the State's responsibility to ensure that the eligible sub-recipient receives this award. Following the state's review process and upon receipt of appropriate documentation, they will provide funds to the sub-recipient on a reimbursable basis.

The Town of Norwich is located in Windsor County; other counties to receive a Presidential declaration include Addison, Bennington, Caledonia, Orange, Rutland and Washington. These counties received a Presidential declaration due to the
