The U.S. Department of Agriculture (USDA) has designated 18 Iowa counties as primary natural disaster areas, enabling producers who suffered losses because of the derecho to be eligible for [emergency loans](#).

The counties eligible for emergency loans are Benton, Boone, Cedar, Clinton, Dallas, Guthrie, Hamilton, Hardin, Jasper, Johnson, Jones, Linn, Marshall, Polk, Poweshiek, Scott, Story and Tama.

The USDA natural disaster designations allow the Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters. Emergency loans can be used to meet various recovery needs, including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or the refinancing of certain debts.

The deadline to apply for these emergency loans is May 3, 2021. FSA will review the loans based on the extent of losses, security available, and repayment ability. [Click here for more information.](#)
