

Alert: Homeowners should not pay contractors seeking payment for blue roof installation

Release Date: Nov 8, 2020

BATON ROUGE, La. – Louisiana homeowners who receive a notice of payment owed for the installation of federally installed blue roof after Hurricanes Laura and Delta should not pay.

FEMA and the U.S. Army Corps of Engineers, which manages the Blue Roof Program, have been alerted by some homeowners that they are receiving letters demanding payment for the installation of a blue tarp, used to waterproof hurricane-damaged roofs. The contractor further threatens to place a lien against the owner's home.

Survivors who receive this notice should not pay. The Blue Roof program is free. A subcontractor cannot demand payment or file a lien against a property of a survivor who received a blue tarp.

Homeowners who receive a letter requesting payment can forward it to the USACE call center: roe-callcenter@usace.army.mil.
