- Temporary housing is provided one of two ways: recreational vehicles (RVs) and Manufactured Housing Units (mobile homes).
- Survivor housing units are chosen by FEMA based on the survivor family composition and needs, as well as to ensure that requirements for access or functional needs are met.
- Ongoing participation in the program, which can last until March 2022, depends on each survivor's efforts to find a permanent housing solution and following the rules established by the park and FEMA.
