## Low-interest Disaster Loans

U.S. Small Business Administration Disaster Loans are available for businesses, homeowners and renters. Next to insurance, low-interest disaster loans from SBA are the primary source of funds for Connecticut disaster survivors to make property repairs and replace personal property destroyed by Hurricane Ida.

Through SBA, homeowners may be eligible for a disaster loan up to \$200,000 for primary residence structural repairs or rebuilding. SBA may also be able to help homeowners and renters with up to \$40,000 to replace important personal property, including automobiles damaged or destroyed in the disaster.

SBA can also help businesses and private nonprofit organizations with up to \$2 million to repair or replace disaster-damaged real estate and other business assets. Additionally, eligible small businesses and nonprofits can apply for economic injury disaster loans to help meet working capital needs caused by the disaster.

For more information, or to request a paper application, contact SBA's Disaster Assistance Customer Service Center call **800-659-2955**, email [disastercustomerservice@sba.gov](mailto:disastercustomerservice@sba.gov) or visit SBA's website at [sba.gov/disaster](https://sba.gov/disaster).
