

Renters with Tornado Damage Can Apply for FEMA Assistance

CLANTON, AL– FEMA’s Individual Assistance program is available to students, renters and homeowners in Autauga, Coosa, Dallas, Elmore and Hale counties whose homes and property were damaged by the Jan. 12 severe storms, straight-line winds and tornadoes.

Federal grants can help pay for temporary housing. The initial rental grant is for a one- or two-month period and can be reviewed for further assistance. The deadline to apply for FEMA assistance is March 16, 2023.

Renters may also qualify for a grant under FEMA’s Other Needs Assistance program for uninsured essential personal property losses and other disaster-related expenses, including:

- Replacement or repair of necessary personal property such as school supplies, including textbooks, and also furniture, appliances and clothing
- Replacement or repair of tools and other job-related equipment required by those who are self-employed
- Repair of primary and registered vehicles
- Uninsured or out-of-pocket medical, dental, childcare, moving and storage expenses

Renters and homeowners are required to submit copies of insurance settlements because, by law, FEMA is prohibited from duplicating or paying for expenses already available or covered by insurance or other sources.

After applying for FEMA disaster assistance, those affected by the tornadoes may be referred to the U.S. Small Business Administration for disaster caused or related personal property losses and vehicles related damages. SBA is the largest source of federal disaster recovery funds for individuals, families, and businesses.
