\$1.2 Million Approved for Indiana Residents in First Month After Storms

Release Date: May 4, 2023

INDIANAPOLIS – One month after the March 31-April 1 storms and tornadoes, more than \$1.2 million in FEMA assistance has been approved to help Indiana residents recover.

Since April 15:

FEMA has approved more than \$1.24 million in Individual Assistance grants for 125 households.

The U.S. Small Business Administration (SBA) has approved \$1.74 million in disaster loans to individuals and businesses.

Survivors in Allen, Benton, Clinton, Grant, Howard, Johnson, Lake, Monroe, Morgan, Owen, Sullivan and White counties have until June 14, 2023 to apply for assistance.

The state of Indiana and FEMA have opened seven Disaster Recovery Centers, where survivors can ask questions, learn about available resources and get oneon-one help with their applications:

No appointment is needed to visit a Disaster Recovery Center, and survivors from all counties can visit any open center. More centers will be opening soon – to find the one nearest you, visit FEMA.gov/DRC.

To apply without visiting a center, call the FEMA Helpline at **800-621-3362**, go online to <u>DisasterAssistance.gov</u> or use the <u>FEMA App</u>. If you use a relay service such as video relay service (VRS) or captioned telephone service, give FEMA your number for that service.

FEMA assistance may include funds for uninsured or under-insured expenses caused by the storms, such as repair or replacement of personal property and vehicles, moving and storage, medical, dental, childcare and funeral expenses. FEMA may also refer you to the SBA, which provides low-interest disaster loans to uninsured or underinsured businesses, homeowners and renters. Submitting the SBA application also allows FEMA to consider you for additional grants.
