Release Date: September 13, 2023

**MADISON, Miss.** – One month after the major disaster declaration for the June 14-19 severe storms and tornadoes in Mississippi, \$3.8 million and counting in federal support has been approved by FEMA and the U.S. Small Business Administration (SBA). FEMA expects the amount to increase as more people apply.

As of Sept. 12, more than \$1.7 million in FEMA grants have been approved for renters and homeowners in Jackson and Jasper counties. This includes:

- More than \$1.4 million in Housing Assistance that helps pay for uninsured home repairs, home replacement and rental assistance for short-term lodging.
  - More than \$788,000 in Repair Assistance -- **grants to help with basic repairs** to a disaster-damaged primary residence.
  - More than \$361,000 in Rental Assistance -- **grants to rent alternate housing while an applicant is displaced** from their disaster-damaged primary residence.
- More than \$290,000 in Other Needs Assistance -- **grants to help pay for uninsured personal property replacement** and other serious storm-related needs.

The SBA has approved more than \$2.1 million in long-term, low-interest disaster loans for homeowners, renters and businesses. These flexible loans can help supplement insurance settlements and FEMA grants.

Added together, federal recovery support for households now totals more than \$3.8 million.
