

President Joseph R. Biden, Jr. Approves Emergency Declaration for Connecticut

Release Date: January 16, 2024

WASHINGTON – FEMA announced today that federal disaster assistance has been made available to the state of Connecticut to supplement response efforts due to emergency conditions resulting from severe storms, flooding and a potential dam breach beginning Jan. 10 and continuing.

The President's action authorizes FEMA to coordinate all disaster relief efforts to alleviate the hardship and suffering caused by the emergency on the local population and to provide appropriate assistance to save lives, to protect property, public health and safety and to lessen or avert the threat of a catastrophe. This assistance is for New London County, the Mohegan Tribe and Mashantucket Pequot Tribal Nation.

Specifically, FEMA is authorized to identify, mobilize and provide, at its discretion, equipment and resources necessary to alleviate the impacts of the emergency. Emergency protective measures, including direct federal assistance, under the public assistance program, will be provided at 75% federal funding.

Robert V. Fogel has been named the Federal Coordinating Officer for federal recovery operations in the affected area.
