

Disaster Recovery Center to Open in Virginia

Release Date: August 15, 2024

ST. PAUL – A FEMA/State Disaster Recovery Center will open Friday, August 16, 2024, to help residents kickstart their recovery after the severe storms and flooding of June 16 – July 4.

Specialists from FEMA, the state of Minnesota and the U.S. Small Business Administration will be at the center to help survivors apply for federal disaster assistance, upload documents, get their questions answered in person, access other types of help that may be available and learn ways to make their property more disaster resistant.

This center will be open at the following location, days and hours:

St. Louis County Public Works Training Room

7823 Hwy 135

Virginia, MN 55792

Hours: Mon. – Sun. 7:30 a.m. – 6:30 p.m.

Additional recovery centers will be opening in other impacted counties soon. To find the center nearest you, visit [FEMA.gov/DRC](https://www.fema.gov/DRC). Survivors may visit any center for assistance.

Assistance in languages other than English, including American sign language, and translated materials are available at these centers. Disaster Recovery Center locations are chosen for their accessibility, with the goal of reaching as many people as possible. Accessible parking spaces are available at all centers.

Survivors don't need to visit a Disaster Recovery Center to apply for FEMA assistance. To apply without visiting a center, go online to [DisasterAssistance.gov](https://www.DisasterAssistance.gov), download the [FEMA mobile app](#) or call the FEMA Helpline at 800-621-3362. If you use a relay service such as video relay service, captioned telephone service or others, give FEMA your number for that service when you apply.

For even more information about the disaster recovery operation in Minnesota, visit www.fema.gov/disaster/4797.
