West Virginia storm survivors get extension for FEMA registration

CHARLESTON, W.Va. — The deadline for West Virginia storm survivors to register for federal assistance has been extended to Saturday, Nov. 2, 2024. The Federal Emergency Management Agency (FEMA) granted the extension at the request of West Virginia Gov. Jim Justice, citing a continued flow of new applications for federal assistance in the wake of the April 11-12 floods, landslides, and mudslides.

FEMA disaster grants are available to homeowners and renters in the eight storm-impacted counties named in the presidential disaster declaration of July 3: Boone, Hancock, Kanawha, Marshall, Ohio, Roane, Wetzell and Wood.

Disaster assistance for individuals may include money to help homeowners and renters with temporary housing, essential home repairs, personal property replacement, and serious disaster-related needs. Disaster assistance money is not taxable income and will not affect eligibility for Social Security, Medicare and other federal and state programs. Disaster assistance does not have to be repaid to the federal government.

One of FEMA's federal partners in disaster recovery, the U.S. Small Business Administration (SBA), has also extended its deadline to Nov. 2 for filing physical disaster loan applications for businesses, homeowners and renters. These long-term, low-interest loans may help with the repair and replacement of disaster-
