■ **Avoid Another Disaster: Beware of Fraud**

FEMA

- FEMA never charges for services nor does it endorse any commercial business, product or service. All federal employees have an official badge/ID. Ask to see it.
- Beware of visits, calls or emails from people claiming to be from FEMA or the State of Iowa asking for your Social Security number, bank account or other sensitive information. Giving out this type of information can help an unscrupulous person make a false claim for assistance or commit identity theft.
- Federal and state workers do not solicit or accept money. FEMA and the U.S. Small Business Administration (SBA) staff never charge applicants for disaster assistance, inspections or help in filling out applications.
- FEMA inspectors never require banking or other financial information.
- The job of FEMA housing inspectors is to verify damage. Inspectors do not hire or endorse specific contractors to fix homes or recommend repairs. They do not determine eligibility for assistance.
- FEMA inspectors will not condemn a property. Condemnation determinations are made by your local jurisdiction.
- Recovery officials encourage Iowa residents to watch for and report any suspicious activity. If you suspect fraud, contact the Consumer Protection Division of the State Attorney General's Office at:
