Preliminary Damage Assessment Report

Saint Regis Mohawk Tribe – Severe Storm and Flooding FEMA-4818-DR

Declared September 20, 2024

On August 26, 2024, Tribal Chief Beverly Cook requested a major disaster declaration due to a severe storm and flooding during the period of August 8-10, 2024. The Tribal Chief requested a declaration for Public Assistance and Hazard Mitigation for the Saint Regis Mohawk Tribe. Beginning on August 16, 2024, and continuing, joint federal, tribal, and local government Preliminary Damage Assessments (PDAs) were conducted in the requested areas and are summarized below. PDAs estimate damages immediately after an event and are considered, along with several other factors, in determining whether a disaster is of such severity and magnitude that effective response is beyond the capabilities of the tribal nation and the affected local governments, and that Federal assistance is necessary.¹

On September 20, 2024, President Biden declared that a major disaster exists for the Saint Regis Mohawk Tribe. This declaration made Public Assistance available to the Saint Regis Mohawk Tribe. This declaration also made Hazard Mitigation Grant Program assistance available for hazard mitigation measures for the Saint Regis Mohawk Tribe.²

Summary of Damage Assessment Information Used in Determining Whether to Declare a Major Disaster

Individual Assistance

	Destroyed	
	Major Damage	
	Minor Damage	
	Affected -	
	Percentage of insured residences: ⁴	
•	_	-
•	Percentage of poverty households: ⁵	-
•	Percentage of ownership households: ⁶	-
•	Population receiving other government	
	assistance such as SSI and SNAP:	-
•	Pre-Disaster Unemployment:	-
•	Age 65 and older:	-
•	Age 18 and under:	-
•	Disability:	-
•	IHP Cost to Capacity (ICC) Ratio:	N/A

• Total Number of Residences Impacted:³

• Total Individual Assistance cost estimate: N/A

Public Assistance

• Primary Impact: Damage to utilities

Total Public Assistance cost estimate: \$744,982
Per capita impact: ⁷ \$82.77
Per capita impact indicator: ⁸ \$1.84

- O Destroyed total loss of structure, structure is not economically feasible to repair, or complete failure to major structural components (e.g., collapse of basement walls/foundation, walls or roof);
- o Major Damage substantial failure to structural elements of residence (e.g., walls, floors, foundation), or damage that will take more than 30 days to repair;
- Minor Damage home is damaged and uninhabitable, but may be made habitable in short period of time with repairs; and
- o Affected some damage to the structure and contents, but still habitable.
- ⁴ By law, Federal disaster assistance cannot duplicate insurance coverage. 42 U.S.C. § 5155 and 44 C.F.R. § 206.48(b)(5).
- ⁵ Special populations, such as low-income, the elderly, or the unemployed may indicate a greater need for assistance. 44 C.F.R. § 206.48(b)(3).
- ⁶ Ibid. 44 C.F.R. § 206.48(b)(3).
- ⁷ Based on State population in the 2020 Census.
- 8 Statewide Per Capita Impact Indicator for FY24, Federal Register, October 1, 2023.

¹ The Preliminary Damage Assessment (PDA) process is a mechanism used to determine the impact and magnitude of damage and resulting needs of individuals, businesses, public sector, and community as a whole. Information collected is used by the State as a basis for the Governor's request for a major disaster or emergency declaration, and by the President in determining a response to the Governor's request (44 CFR § 206.33).

When a Governor's request for major disaster assistance under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (Stafford Act) is under review, a number of primary factors are considered to determine whether assistance is warranted. These factors are outlined in FEMA's regulations (44 CFR § 206.48). The President has ultimate discretion and decision making authority to declare major disasters and emergencies under the Stafford Act (42 U.S.C. § 5170 and § 5191).

³ Degree of damage to impacted residences:
