

Resource Typing Definition for Public Health, Healthcare, and Emergency Medical Services
Emergency Medical Services

PARAMEDIC

RESOURCE CATEGORY	Emergency Medical Services (EMS)
RESOURCE KIND	Personnel
OVERALL FUNCTION	The Paramedic is a health professional whose primary focus is to respond to, assess and triage emergent, urgent and nonurgent requests for medical care; apply basic and advanced knowledge and skills necessary to determine patient physiological, psychological and psychosocial needs; administer medications; interpret and use diagnostic findings to implement treatment; provide complex patient care; and facilitate referrals or access to a higher level of care when the patient's needs exceed the capability level of the Paramedic. The Paramedic may also operate an ambulance when necessary
COMPOSITION AND ORDERING SPECIFICATIONS	<ol style="list-style-type: none"> 1. This position can be ordered as a single resource or in conjunction with a National Incident Management System (NIMS) typed team (Ambulance Ground Team – Advance Life Support [ALS], Ambulance Ground Team – Basic Life Support [BLS], Ambulance Strike Team – ALS, Ambulance Strike Team – BLS or Emergency EMS Task Force) 2. Discuss logistics for this position, such as security, lodging, transportation and meals prior to deployment 3. The position typically works 12 hours per shift, is self-sustainable for 72 hours and is deployable up to 14 days

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	SINGLE TYPE	NOTES
DESCRIPTION	<p>The Paramedic:</p> <ol style="list-style-type: none"> 1. Functions as part of a comprehensive EMS response, community, health or public safety system with advanced clinical protocols and medical oversight 2. Performs interventions with the basic and advanced equipment typically found on an ambulance, including agency medical director-approved diagnostic equipment 3. Provides specialized interfacility care during transport 4. Facilitates medical decisions at an emergency scene and during transport 5. Provides an important link in the continuum of healthcare 6. Provides an important link within the continuum of the emergency care system from an out-of-hospital response through the delivery of patients to definitive care 7. Operates an assigned ambulance or emergency vehicle used for patient care and transport, commensurate with level of emergency vehicle training, as required by the Authority Having Jurisdiction (AHJ) 	Not Specified
EDUCATION	Successful completion of a state, local, tribe or territory-approved Paramedic training program that meets or exceeds National EMS Education Standards	Not Specified

DRAFT – PRE-DECISIONAL – DRAFT

PARAMEDIC

COMPONENT	SINGLE TYPE	NOTES
TRAINING	Completion of the following: <ol style="list-style-type: none"> 1. IS-100: Introduction to the Incident Command System, ICS-100 2. IS-200: Basic Incident Command System for Initial Response, ICS-200 3. IS-700: National Incident Management System, An Introduction 4. IS-800: National Response Framework, An Introduction 5. Training in ambulance and emergency vehicle operations, or equivalent as required by the AHJ 6. Training in accordance with Occupational Safety and Health Administration (OSHA) 29 Code of Federal Regulations (CFR) Part 1910.120: Hazardous Materials Awareness 7. Training in accordance with OSHA 29 CFR Part 1910.134: Respiratory Protection 8. Training in accordance with OSHA 29 CFR Part 1910.1030: Bloodborne Pathogens 	Not Specified
EXPERIENCE	Knowledge, Skills, and Abilities: Current active status with a state, local, tribe or territory approved EMS agency, practicing at the Paramedic level	Not Specified
PHYSICAL / MEDICAL FITNESS	<ol style="list-style-type: none"> 1. Arduous 2. Immunizations commensurate with mission assignment 	The NIMS Guideline for the National Qualification System (NQS) defines physical/medical fitness levels for NIMS positions
CURRENCY	<ol style="list-style-type: none"> 1. Complies with accrediting entity, agency or body's established annual recertification, training and education, such as continuing education units or professional development hours, which may vary by organization, department and agency 2. Maintain immunizations in accordance with AHJ requirements 3. Background checks as applicable law permits or as required by the AHJ 	Not Specified
PROFESSIONAL AND TECHNICAL LICENSES AND CERTIFICATIONS	<ol style="list-style-type: none"> 1. State, local, tribe or territory-granted active status of legal authority to function as a Paramedic 2. Emergency vehicle operator certification, as required by the AHJ 	Can operate to the skill level approved by their home state or medical director

NOTES

Nationally typed resources represent the minimum criteria for the associated component and capability.
