**Grant Programs Directorate Information Bulletin
No. 472**

April 25, 2022

MEMORANDUM FOR: All State Administrative Agency Heads
All State Administrative Agency Points of Contact
All State Homeland Security Directors
All State Emergency Management Agency Directors
Tribal Governments (as identified in Appendix A of this
Information Bulletin)

FROM: Pamela S. Williams
Assistant Administrator
Grant Programs Directorate
Federal Emergency Management Agency

Handwritten signature of Pamela S. Williams in blue ink.

Katherine B. Fox
Assistant Administrator, Mitigation
Federal Insurance and Mitigation Administration
Federal Emergency Management Agency

Handwritten signature of Katherine B. Fox in black ink.

SUBJECT: Fiscal Year 2022 Emergency Operations Center and Pre-Disaster Mitigation Grant Programs

I. Purpose

This Information Bulletin (IB) outlines the Federal Emergency Management Agency (FEMA) Grant Programs Directorate's (GPD) and Federal Insurance and Mitigation Administration's (FIMA) plans for developing and releasing Notices of Funding Opportunity for the fiscal year 2022 Emergency Operations Center and Pre-Disaster Mitigation Grant Programs.

II. Applicability

This IB is applicable to State Administrative Agencies (SAAs), Tribal governments, and other stakeholders associated with Emergency Operations Centers (EOC) and Pre-Disaster Mitigation (PDM)-related projects identified for federal funding support in accordance with the Joint Explanatory Statement accompanying the Department of Homeland Security Appropriations Act, 2022 (Pub. L. No. 117-103). Those EOC projects are listed in **Appendix A** and PDM projects are listed in **Appendix B**.

III. Guidance

FEMA is developing the required funding notice that will provide detailed guidance on the FY 2022 EOC Grant and PDM Grant Programs, including funding allocations, application procedures and requirements, allowable costs, cost share requirements, and other important details. FEMA anticipates releasing the funding notices in mid-May 2022. In the meantime, representatives of the identified EOC and PDM Community Projects are encouraged to begin developing their project plans, including budget details, that will need to be submitted with their application. The application deadline will likely be 30 days following release of the funding notices, or mid-June 2022.

The only eligible applicants will be State Administrative Agencies (SAAs) and tribal governments associated with the EOC or PDM projects on tribal lands. SAAs will apply on behalf of the state and local governments associated with the identified EOC and PDM projects. Therefore, representatives of the associated state or local government will need to submit the required application details to their SAA prior to the application deadline (each SAA may establish their own separate deadline for this sub-application process).

All identified EOC and PDM projects will be subject to an Environmental Planning and Historic Preservation (EHP) review conducted by FEMA in accordance with federal EHP laws. **No construction activities (including site preparation, utility installations, and any groundbreaking activities) or equipment installations on existing structures, may begin until the EHP review process is complete.** The review process involves the submission of a detailed project description along with any supporting documentation requested by FEMA in order to determine whether the proposed project has the potential to impact environmental resources or historic properties. The submission must show the project complies with all EHP requirements including applicable laws and regulations for the project to proceed.

Department of Homeland Security and FEMA EHP policy can be found on the [FEMA.gov EHP page](https://www.fema.gov/ehp), including documents regarding EHP responsibilities and program requirements, implementation of the National Environmental Policy Act and other EHP regulations and Executive Orders

IV. Questions

For questions regarding the FY 2022 EOC Grant Program please contact FEMA GPD's Centralized Scheduling and Information Desk (CSID) at (800) 368-6498 or by e-mail at askcsid@fema.dhs.gov. CID's hours are Monday through Friday, 9 a.m. – 5 p.m. ET.

For questions regarding the FY 2022 PDM Grant Program, please contact FEMA's HMA Helpline at (866) 222-3580 or by e-mail at FEMA-ask-PDM@fema.dhs.gov.

V. Review Date

This IB will sunset upon closure of the FY 2022 EOC and PDM Grant Programs.

Appendix A: FY 2022 EOC Grant Program Projects

State/ Tribe	Sub-recipient	Project Name	Project Federal Amount	25% Project Cost-Share Amount	Total State/Tribe FEDERAL Amount	TOTAL State/Tribe Federal + Cost-Share
Tribe	Alutiiq Tribe of Old Harbor	Tsunami Shelter for the Alutiiq Tribe of Old Harbor, Alaska	\$1,500,000	\$500,000	\$1,500,000	\$2,000,000
