**SUBJECT:** Updated Fiscal Year 2024 State and Local Cybersecurity Grant  
Program Allocation Amounts

This Information Bulletin (IB) announces updated funding allocations for states and territories under the Fiscal Year (FY) 2024 State and Local Cybersecurity Grant Program (SLCGP). This IB supersedes [Information Bulletin No. 516: Fiscal Year 2024 State and Local Cybersecurity Grant Program Notices of Funding Opportunity \(fema.gov\)](#), issued Sept. 23, 2024. Although the allocations for each state and territory are adjusted slightly, the total allocation available under the funding opportunity will remain \$279,873,562. This amended IB is a result of South Dakota not applying and their allocated funds being redistributed amongst the remaining states and territories, consistent with the authorizing statute.

This IB is applicable to eligible state and territory applicants (State Administrative Agencies) under the FY 2024 SLCGP.

This funding allocation update is a result of ensuring compliance with Section 2220A of the Homeland Security Act of 2002 (Pub. L. No. 107-296) as amended at 6 U.S.C. § 665g in determining final distribution of funds to territories and states that applied based on their total population (compared to the population of all states) and their rural population (compared to the rural population of all states). In the Homeland Security Act, at 6 U.S.C. § 101(17), “State” is defined to include “any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any possession of the United States.”

For questions regarding the FY 2024 SLCGP, please contact the FEMA-SLCGP inbox at [FEMA-SLCGP@fema.dhs.gov](mailto:FEMA-SLCGP@fema.dhs.gov).

Adjusted state and territory allocations for the FY 2024 SLCGP are listed in the table below. These figures will replace those listed in the previously issued FY 2024 SLCGP Notice of Funding Opportunity.
