Updating Organization Details

Quick Reference Guides (QRGs) provide step-by-step instructions to assist you in using the Non-Disaster Grants (ND Grants) system. This QRG describes how to update an organization's details.

Introduction

An organization serves as a recipient's profile within ND Grants which allows recipients to create and manage their awards and applications. When updating an organization, please keep in mind that:

- If the organization has not submitted an application, all organization details will appear in text boxes on the Update Organization page, and can be edited

- If the organization has submitted an application, **only** the physical and mailing addresses can be updated If there are pending tasks for the organization, saving your updates to the organization will prompt a list of the pending tasks to appear at the top of the *Update Organization* page, and prevent you from completing the update

Prerequisites

To update organization details:

- You must have an ND Grants account
