Good afternoon Tim,

Please find attached the FEMA advisory that we sent out last Friday. As discussed, EPA is the lead federal agency for this response.

Following continued discussions between the state of Ohio and FEMA regarding the Norfolk Southern train derailment in East Palestine, Governor Mike DeWine and FEMA Regional Administrator Thomas C. Sivak issued the following joint statement:

“FEMA and the State of Ohio have been in constant contact regarding emergency operations in East Palestine. U.S. EPA and Ohio EPA have been working together since day one. Tomorrow, FEMA will supplement federal efforts by deploying a Senior Response Official along with a Regional Incident Management Assistance Team (IMAT) to support ongoing operations, including incident coordination and ongoing assessments of potential long term recovery needs.”

EPA held a press conference at 12:30 pm today that you can watch here: <https://www.epa.gov/newsroom/live> for the latest updates.

Hope this helps!

Best,
Jess
