

Yes, renters can buy flood insurance

Release Date: Tháng 8 22, 2019

Austin, Texas – Flood insurance isn't just for homeowners and businesses. If you are a renter, you can get a policy from the National Flood Insurance Program (NFIP) to cover your belongings, including clothes, furniture and electronics.

Flood insurance for renters covers your personal property during a flood while a traditional renters policy does not. The cost of the policy is based on several factors including the building's flood risk.

If you are a renter in low-to-moderate risk areas, you may be eligible for a Preferred Risk Policy. These policy premiums are the lowest premiums available through NFIP. Nearly 26% of all NFIP flood claims occur in the low-to-moderate risk areas.

If you live in an area that is in a special flood hazard area or floodplain, standard rated policies are available. Ask an insurance agent to give you a quote for maximum coverage and lower levels of coverage to find a level of coverage you can afford.

Renters flood insurance premiums are calculated based on factors such as:

- Year of building construction
- Building occupancy
- Number of floors
- The location of your contents
- The flood risk (i.e. flood zone)
