

Serious Needs and Displacement Assistance Available for New Mexico Residents

Release Date: Tháng 7 4, 2024

FEMA's disaster assistance offers benefits that provide flexible funding directly to survivors when needed the most. In addition, a simplified process and expanded eligibility allows New Mexico residents access to a wider range of assistance and funds for serious needs.

Currently, affected individuals and households in **Lincoln County, Otero County, and the Mescalero Apache Reservation** may be eligible for assistance. If you have serious needs due to the South Fork and Salt Fires and flooding that began June 17, you may qualify for a one-time payment per household through FEMA's Serious Need Assistance (SNA). This payment would be in addition to any other assistance.

SNA is money to pay for emergency supplies like water, food, first aid, breastfeeding supplies, infant formula, diapers, personal hygiene items, or fuel for transportation. It is available to eligible survivors who apply within the first 30 days after the disaster was declared. To qualify for SNA, you must be displaced, need shelter or have other emergency costs due to the disaster on your application.

Another benefit is FEMA's Displacement Assistance (DA) which includes money to help with housing needs if you cannot return to your home because of the disaster. The money can be used to stay in a hotel, with family and friends or other options.

SNA and DA require an inspection to confirm eligibility before funds are provided to applicants.
