If you have homeowners, renters, or flood insurance, you should file an insurance claim as soon as possible. FEMA cannot duplicate benefits for losses covered by insurance.

For needs not covered by insurance or other sources, FEMA may be able to provide Individual Assistance grant money that does not have to be repaid for:

- **Rental Assistance** if you need to relocate because of flood damage
- **Personal Property** that was damaged or destroyed by flooding
- **Lodging Reimbursement** if you had to stay in a hotel temporarily
- **Basic Home Repairs for homeowners** whose primary residence was damaged by flooding
- **Other Serious Needs** caused by recent flooding

In addition to the assistance listed, please note the following:

- Only one application per household should be submitted.
- FEMA does not pay for lost or spoiled food.
- By law, FEMA is not allowed to duplicate insurance payments or assistance provided by other sources.

Homeowners and Renters: After applying with FEMA, if you have been referred to SBA for a disaster loan, please complete and submit the application. Submitting the SBA application makes it possible for you to be considered for additional grants if you are turned down for an SBA loan.

If you qualify for a loan, you will have that resource available if you choose to accept it.

Help with your SBA application is available at any Disaster Recovery Center.
