

# Replacing Lost or Damaged Documents

---

Release Date: 7? 12, 2024

Here is how Arkansans can replace vital records lost or damaged in the severe storms of May 24-27. These include documents you may need during the claims process.

## Missing Documents

If important documents – such as birth certificates, social security cards, driver’s licenses, tax records, insurance policies, etc. — are missing or damaged, many can be replaced by contacting vital records offices, Social Security agencies, insurance companies and other organizations.
